

Cristina joined ThunderRidge in 2016 after seventeen years as a social studies classroom teacher. She loves her roles as the IB administrator and truancy specialist for ThunderRidge. She recently received her Eds from the University of Colorado @ Denver (UCD) in leadership studies, she has an MA in curriculum and instruction from UCD, and her undergraduate work was at Metro State and Arapahoe Community College. Cristina's life passion is public education, and despite the tremendous challenges it faces, she is in awe of the fantastic work it accomplishes for individual students and society as a whole. In time away from school, she enjoys walking, blading, hiking, and cooking with her two teenage children, dogs, and spouse.
